MCEI is the interdisciplinary center for entrepreneurship and innovation at the University of Mannheim. With our three core pillars inspiration, entrepreneurial education and startup support, we help create a culture of learning, knowledge exchange, innovation and excitement for startup development.

We offer entrepreneurial students and startups affiliated with MCEI lots of opportunities to network and support to challenge, test and develop their business models with a strong focus on a can-do mentality and scaling up.

Swapfiets is a fast growing startup founded by three students from the TU Delft. The concept is one you could have thought of by yourself: for a fixed monthly fee you will get a bike that always works. Is your bike broken? No worries. Swapfiets will make sure to give you a working bike within 12 hours. So, no more hassle with your bike.
How we do that? By epic service, made simple!
